FISCAL YEAR: FROM January 1, 1999 TO December 31, 1999

BUDGET MESSAGE

1. Complete a brief statement of the 1999 proposed Annual Budget and make comparison to the current year's adopted budget. Explain significant increases or decreases, if any.

The decrease of budgetary expenditures of \$194,901 is due largely to cost cuts in Other Expenses.

2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any.

The proposed 1999 solid waste budget will continue to provide residents lower scavenger fees than previously paid under privately run operations. The proposed solid waste budget projects a \$30 monthly service fee in 1999 for a single family residential user.

3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.

Plainfield is the Western most City in Union County. It is included in political districts with Somerset and Middlesex County communities. As a hub of the three counties there is a positive impact on the City. As one of the oldest communities in the State, Plainfield has 6 historic districts and one of the best turn-of-the-century housing stocks in America.

There are business challenges related to most old communities, but the vigor of Union County and the adjacent communities in Middlesex and Somerset Counties are economically supportive of this diverse City.

There will be no impact on the local economy as a result of the Annual or Capital Budgets herein presented. The Plainfield Municipal Authority has a mission to control costs and rates, and the budgets reflect these goals.

4. Describe the reasons for utilizing Unreserved Retained Earnings in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc.

The proposed 1999 solid waste budget utilized retained earnings to stabilize the rate increase required to Fund the 1999 budget appropriations.

5. If the proposed Annual Budget contains an Accumulated Deficit either existing or anticipated, pursuant to N.J.S. 40A:5A-12, then an explanation as to reasons for occurrence must be disclosed.
